10:00am to 10:50am PST	<p>Regional Roundtable Breakouts</p> <p>During this time, we will have designated roundtable sessions that represent various regions across the US. Have the chance to meet and connect with your peers in your region who (like you) understand the unique challenges AND opportunities tribes face. A time to both share and receive support around best practices, tips, and insights on technology solutions/providers. Your participation and engagement will strengthen YOUR regional group, grow your personal connections and increase the benefits that come back to you and your organization. If you are a TribalHub member, ask us for your custom virtual event background to display! We encourage those with TribalHub, TribalNet or Tribal-ISAC gear to show it off!</p>	Regional Ambassadors		Members Only
11:00am to 11:50am PST	<p>Virtual Tradeshow - meet industry solution providers</p> <p>Meet with technology vendors in an environment that is as close to in-person as possible! Discover new products, services and solution providers on the virtual tradeshow floor. With a fully interactive format, you'll have the chance for real-time chat and interaction, ability to add things to your virtual swag bag from the booths and of course, the chance to win some amazing prizes. The representatives at these booths are the right and direct points of contact at companies who are committed to serving tribes. The virtual tradeshow will be open ALL day with some designated time when it's going to be hopping so you won't want to miss out!</p>			Members & Vendors

12:00pm to 12:50pm PST	<p>Indian Health Service Health IT Modernization Update</p> <p>Chief Information Officer Mitchell Thornbrugh will share the latest on the Indian Health Service Health IT Modernization, that includes a new enterprise EHR. He will cover three key aspects of the national initiative: user-centered change management, data strategy for new and legacy clinical data in a cloud-hosted environment, and governance that includes Tribal and Urban Indian Organization input. Collectively, these components of the Modernization will help make lasting improvements in patient care and outcomes across Indian Country for generations to come.</p>	Mitchell Thornbrugh	Breakouts	
1:00pm to 1:50pm PST	<p>Fearlessly Forward: Leading Through Adversity</p> <p>In this empowering keynote, author and organizational performance consultant from Wipfli, Caroline Nuttall, will show us how to embrace authentic leadership and build our resilience skills. We'll learn the five different roles every leader plays to best focus our valuable time and energy. You'll get curious about how you operate today and how you wish to lead with intentionality going forward. We'll understand the importance of vulnerability-based trust and determine how to lead others during change. Finally, we'll take concrete action in putting on our own oxygen masks before assisting others by building our personal resilience skills.</p>	Caroline Nuttall	Breakouts
