Time	Session
Thursday, April 30, 2026	
8:00am to 9:00am MST	Breakfast Breakfast on behalf of our sponsors.
8:00am to 3:00pm MST	Registration The TribalHub staff is ready to welcome you! Pick up your badge and important forum materials. TribalHub Members, grab your welcome gift!
8:45am to 9:00am MST	Event Kickoff Your official welcome to TribalHub's Regional Forum- a quick preview of what to plan for and how to make the most of your time here!
9:00am to 11:00am MST	Regional Roundtables - Attendees Only Consistently one of the most well-attended and meaningful sessions at our regional events, this roundtable gives you the chance to connect with fellow professionals working at tribal governments and enterprises from your region. Share wins, challenges, and questions in an open discussion—while making valuable peer connections. Facilitated by TribalHub and your Regional Ambassadors
11:00am to 11:45am MST	2026 - Tribal Technology & Infrastructure Readiness Do you know what technology and infrastructure is most important to tribes in 2026? This session time will give each attendee dedicated time to review and complete the nationwide Tribal Technology & Infrastructure Readiness Survey which aims to benchmark the current state of technology across Indian Country. The results of this data can help your tribe (and every tribe) better advocate for greater resource allocation and infrastructure support. Results will only be shared in a de-identified, aggregate format with survey participants and Regional Event attendees. Preliminary nationwide and regional results will be shared in tomorrow's 10:30 session - so plan to be here to become among the first to see these results - just by being at this regional forum.

1:15pm to 2:15pm MST	2026 - Tribal-ISAC Shares and Listens to Your Region Cybersecurity continues to be an ongoing concern, evolving investment area, and persistent challenge for tribal governments and enterprises. In this session, Tribal-ISAC will share key cybersecurity insights and findings from tribes across the nation, including highlights from The Pulse report and emerging 2026 threat trends. This session combines insight with discussion, providing a regional view of evolving threats while creating space for peer conversation on how these risks are showing up across tribal organizations, with actionable takeaways for attendees. Led by Robin Villareal, CIO, Gila River Resorts & Casinos.
2:15pm to 3:15pm MST	Lifting IT in Your Tribe or Enterprise This engaging session will have you and your peers in the room navigating difficult but common technology related scenarios that IT leadership at tribes and enterprises often face. Budget got cut...how do you professionally respond and react? Another shadow IT purchase is made on a software system you knew nothing about but are now expected to install and support...what is the proper or best action to take? AI moving too fast? Join us to share your own experiences and hear and learn from others on effective strategies to multiple different difficult challenges. Leave this session with fresh ideas and stronger connection to the peers in your region. Led by TribalHub, Executive Officer , Mike Day.
