Quarter-Page (Vertical)

Inside Front or Back Cover

## File Creation Guidelines:

**Accepted File Types:** PDF, TIFF or JPEG

**Color:** Ads must use RGB color space. Color resolution cannot be guaranteed – please use four color mix and rich black (C:30 M:20 Y:20 K:100) in areas where you will be using black as background.

**Image Resolution:** Image resolution must be set to 300dpi.

**Text Safety Margin:** We recommend you keep important text inside the text safety margin, which is a minimum of 1/4” inch inside the final design. Doing so often produces the most pleasing printed results.

**Advertorial:** No design work on your end will be necessary for the Product Spotlights, Meet Your Vendors and Making Connections features. You will be asked for information, high resolution images (300 dpi), and approvals but no finished artwork will be required from you.

## Digital Magazine Video Specs\* (RGB)

- Leave Space in your design for a video thumbnail. Submit a video or video link (recommended size 1920px x 1080px, 24 fps).

**Acceptable File Types:** Include MP4 files and digital links from Youtube or Vimeo. Please include a thumbnail image.  
\*Videos do not play automatically - they must be clicked on by the reader to play.

### File Creation Guidelines:

**Accepted File Types:** PDF, JPEG or TIFF

**Color:** Ads must use CMYK color space. Color resolution cannot be guaranteed – please use four color mix and rich black (C:30 M:20 Y:20 K:100) in areas where you will be using black as background.

**Image Resolution:** Image resolution must be set to 300dpi.

**Text Safety Margin:** We recommend you keep important text inside the text safety margin, which is a minimum of 1/4" inch inside the final design. Doing so often produces the most pleasing printed results.

**Bleed Area Margin:** Background graphics and design elements intended to “bleed” to the edge of your finished size should extend an 1/8" inch past the final design. The full size of this document including bleed area will increase document size by a 1/4" inch (height and width). Any artwork within the bleed area will be trimmed leaving a clean and border-less printed image.
