ADDENDUM FOR TBD REGIONS:

As TribalHub has not confirmed a date or location for multiple of the TribalHub Regional Forums in 2025, a special addendum has been put in place in addition to the standard terms and conditions and is as follows:

Sponsors who pay for any TribalHub Regional Forum prior to the event dates and sites being publicly announced will receive a written notice including the date and location of this event as soon as available. Upon receiving this notice, the registered company has 30 days from the date of notice to request a full refund if, for any reason, the date or location is not acceptable to the registering company. If no request has been made after 30 days of notice, the default Terms & Conditions apply.

Lunch & Learn Guidelines and Requirements

To get the best use of your time during the Lunch and Learn portion of each event we have created a guideline for knowing the flow and expectation of the Lunch and Learn.

- TribalHub will monitor time, you will not be allowed to run longer than your allotted time.
- Other sponsors will be in this event.
- Introduce yourself and your team.
- Share about your company and why you are here sponsoring this event.
- Tell attendees what your main products and/or services are that you provide to the tribal industry, and to which division ie: health, gaming, gov't/community, enterprise or other. Shed light on what problems or issues your company, products or services might be solving for tribes.
- Provide any insight you can share as to what you may be doing already in the tribal industry.
- If you have a use case or success story specific to tribes now would be the time to share.
- Tell the audience why you would be a good partner to tribal organizations and/or enterprises.

Guidelines of what is NOT expected:

- Do not spend your entire time talking about your product. Instead, sell yourself, your company and your story of how you are solving an issue so attendees are engaged and want to continue the conversation and chat with you throughout the event.
- Do not dive into overly technical details of your product.
- No PowerPoint, no slides or videos.
